Paid Pilot Terms (one page)

Template written in plain language. It is not legal advice and has not been reviewed by a lawyer. Each side should have its own counsel read it before signing. This is an outline for discussion. A paid pilot needs a signed agreement.

Between **[[LEGAL ENTITY NAME OF KALDRIX / ZENTRIX]]** ("Kaldrix") and **[[CUSTOMER]]** ("the Customer"). Date: **[[DATE]]**.

What the pilot is

A fixed-fee pilot to set up Kaldrix and Zentrix on one real workflow, **[[WORKFLOW]]**, and run it for **[[8]]** weeks, in test mode first. Real money moves only if every item under "Before any real money" is done.

Scope and deliverables

- Connect the Customer's agent to Kaldrix and Zentrix.
- Agree and sign the permission limits: suppliers, per-payment limit, total, speed, expiry, approvers.
- Weekly review of every payment, every refusal and every approval.
- A written report at the end with findings and recommendations.

Fee and payment

Fixed fee **[[AMOUNT AND CURRENCY]]**, payable **[[50% on signing, 50% at the report]]**. No usage fees during the pilot. Prices are not yet validated and are for discussion.

Customer responsibilities

- A named owner and named approvers.
- Timely access to test credentials and information about the workflow.
- Their own legal, tax and compliance decisions about using an agent to pay.

Before any real money

- An independent human security review of the platform has been completed and its findings addressed.
- A licensed payment provider has agreed in writing to carry the payments.
- The Customer has signed an agreement covering liability, data protection and limits.

Not promised

The service is a first version. Kaldrix does not promise uptime, a specific delivery date or any financial outcome. It is not a bank and not a licensed payment provider.

Term and ending

[[8]] weeks from the start date. Either side may end the pilot with 14 days' written notice; fees for completed work remain payable.

Confidentiality and names

A mutual NDA applies. Neither side uses the other's name publicly without written permission.
